

### Miniature Circuit Breakers, C60N

Intended for use within equipment where branch circuit protection is already provided or not needed.

- Range from 6 to 63A;
- 10k AIR @120/240VAC, 5k AIR @480Y/277;
- Suitable for reverse feeding;
- DIN mounting for easy installation;
- A wide range of electrical and mechanical accessories;

- Trip-free mechanism
- Positive indication of contact disconnect

	Use	Magnetic Release
B	For sensitive equipment	3.2-4.8 x ampere rating
C	For typical loads	7-10 x ampere rating
D	For high inrush	10-14 x ampere rating
